### EXAMINER'S AMENDMENT

Claims 1-9 and 15 are pending.

Applicant's amendments and arguments filed May 19, 2006 are acknowledged and have been fully considered. Any rejection not specifically addressed is herein withdrawn.

#### *Election/Restrictions*

**Claims 1-8** are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 9 and 15, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on July 27, 2005 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

In view of the examiner's amendment below, **claims 1-9 and 15 are allowed.**

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's representative, Jay Williams, on July 27, 2006.

The application has been amended as follows:

**AMEND claim 3** to recite:

3. The dietary supplement mixture according to claim 1 further comprising ~~further~~ peptides with a molecular weight less than 10 kDa.

**AMEND claim 4, line 1** to recite:

4. The dietary supplement mixture according to claim 1 further

The following is an examiner's statement of reasons for allowance:

In view of Applicant's amendments to the claims, the prior art does not teach or suggest, alone or in combination, the peptides of SEQ ID NOs: 1 or 2 in a dietary supplement.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
